

July 20, 2020

Dear PCS Families,

In follow-up to the email that was sent last week with details about our plans for the 2020-2021 school year, we hope that you've taken the time to read through the proposed plan and details about learning options.

If you are selecting the Remote or Blended Learning option for your student(s), you must complete [the application](#) TODAY by 11:59 pm. Click here for the [application in Spanish](#).

There is no need to complete the application if you are choosing the Traditional learning option. Families who do not complete the application for Remote or Blended learning will automatically be opted-in to the Traditional learning option. If you are choosing the Traditional learning option, we ask that you complete a [short survey](#) TODAY by 11:59 pm to assist in our planning efforts. Click here for the [survey in Spanish](#).

In addition to the [Overview & Plan](#) page on PelhamCitySchools.org, you can view the [Learning Options & Technology](#) page to view a video about what to expect for Traditional, Remote, and Blended Learning and links to documents with details about each option. We've also added an [FAQ](#) page with the commonly asked questions about our plans.

Thanks to all those who have already submitted an application or survey. Once you submit the application or survey, you will see a screen that thanks you for letting us know your plans. You will not receive a separate confirmation email, and no further action is required at this time. Students who select the remote or blended option will be contacted by a school staff member to confirm class selections and schedules.

We will continue to provide timely updates and current information via parent emails, and posts on our district website and social media accounts. We encourage you to stay connected and monitor all district and school communications closely.

Thank you for your continued support.

Stay safe and healthy,
Pelham City Schools
