

VIA EMAIL

May 14, 2020

Hello PCS Families,

We're now down to the final two weeks of school. The assignments your students received this week are the last required and graded work of the school year. Next week, students will be given optional enrichment activities, and we will end our school year on Thursday, May 21. Final report cards will be mailed to homes during the week of May 25.

Be sure to check your email for information from your school principals regarding the end of the school year. These communications will provide you with details regarding the return of items to students and turning in school property such as textbooks, library books, band instruments, etc.

Please continue to visit the district website and social media outlets for school system news throughout the summer. As health guidelines related to COVID-19 continue to evolve, we will provide updates to our plans, programs, and school operations. Our COVID FAQs will also be updated with any new information.

We've created an online survey to collect information about your family's at-home learning experience. We ask that you take just a few minutes to complete the survey and provide us with your feedback. Your perspective is important to us, so please make time to complete the survey by Friday, May 22. You'll find the link at the bottom of this email.

Although we're missing the traditional activities that signify the end of the school year, we are very proud of our students, teachers, and families for all that has been accomplished during these unprecedented times. The past two months have provided us with challenges that we have all met with determination, flexibility, and innovation. We cannot thank you enough for your patience and support. Let's continue to work hard and finish the 2019-2020 school year strong.

Please take a moment to complete our at-home learning survey by Friday, May 22. Get started here:
