Introduction.....	1
Technology Plan.....	2

Introduction

The Educational Technology (Ed. Tech) section monitors school systems to ensure that they are utilizing technology in a productive manner which enhances student achievement. Expertise is provided in making sure federal guidelines are followed. Compliance Monitoring allows us to observe that the Alabama Technology Course of Study is being taught in grades K-8, that all online requirements for graduation are being met, and the system technology plan is in compliance with the state technology requirements.

Technology Plan

Label	Assurance	Response	Comment	Attachment
Technology 1.	Is there an approved LEA technology plan on file with the ALSDE for the school year? (Alabama Administrative Code 29-1-4-01. HB248, Act No. 2005-173. State Board of Education resolution #G.2.i.)	Yes		

Label	Assurance	Response	Comment	Attachment
Technology 2.	Is there documentation that the LEA Tech Plan is consistent with the state and that this plan was developed in consultation with other LEA plans?	Yes	Each school houses its own technology planning committee. Once representative from that committee is on the district committee. Technology Coordinator meets with those persons formally three times per year and informally many others. Spring to discuss planning for next year, beginning of school for an update on progress, and again to work with the school on completing their school technology plans.	Initiatives Agenda Planning Committee 2 Initiatives Agenda 2 Planning Committee Tech Plan Approval Letter
